

# THE RPS AV GROUP

## Royal Photographic Society Audio Visual Group Membership Engagement Event

**Monday 24 February – 1930 to 2130**

**Professional Sound in the Film Industry.**

***ON-LINE on ZOOM***

Richard Stockdale is the Senior Post Production Engineer at Pinewood Studios. With over 20 years of audio engineering, consultancy and content creation in the film, TV and music industries, he has a depth of knowledge and experience relied upon by some of the biggest names in audio content creation.

He will talk about audio recording, post-production, sound levels and mistakes to avoid. He will also talk about the history of sound on film and share his experiences from travelling around the world, working on some of the biggest productions. There will be an opportunity for Q&A. Be inspired by hearing from a professional audio engineer and learn the tricks of the trade to enhance your own AV productions.

**Free for RPS AV Group Members**

£5.00 for other RPS Members

£7.50 for non RPS Members
