- Enjoyment of photography
- Communication with other RPS groups

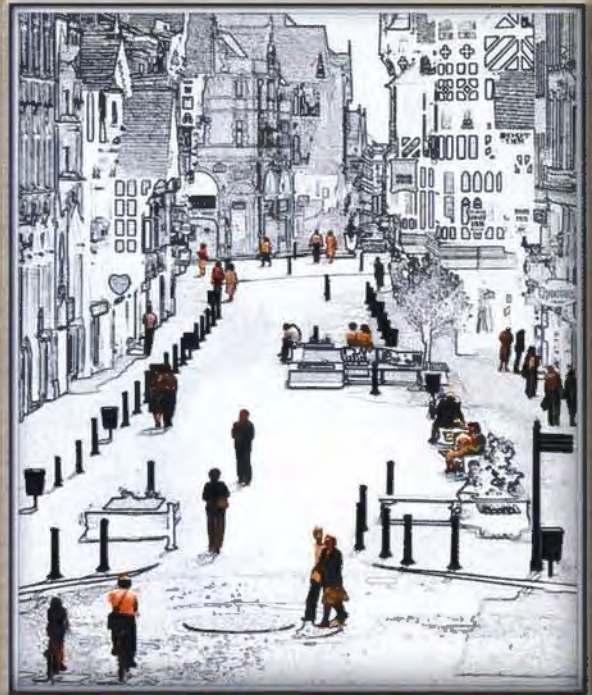

David Oldridge LRPS

Digital Imaging Group Members' Exhibition

Geoff Cole LRPS

Graham Blackwell ARPS

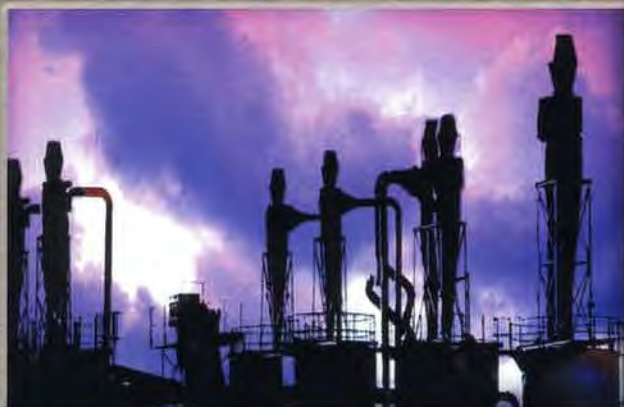

Entry to this year's members' exhibition was non-competitive.

One print was accepted from each member who submitted a folio.

This collection of images therefore conveys the wide diversity of work within the group.

Contributions to DIGIT are always very welcome. Articles illustrating your techniques, expressing your views, recounting your experiences and conveying your enthusiasms are all of great value. Ideally they should be submitted on disk or by email but printed matter is equally acceptable. The Digital Imaging Group is the fastest growing interest group in the RPS and DIGIT endeavours to convey the excitement of this digital era of photography.

" The future is digital ! "
